MANITOBA VOTES

POLICY QUESTIONNAIRE

As an organization committed to advocating for the health, safety and well-being of children and youth, the CPS sent the following questions to each of the major political parties:

IF ELECTED, WHAT WILL YOUR PARTY DO TO:

- Improve timely access to publicly funded mental health services for children and youth?
- Improve immunization coverage rates and protect against a rise in vaccine-preventable diseases?
- Reduce rates of childhood poverty and food insecurity?
- Increase access to school-based developmental and educational supports and help children and youth recover from the learning losses and educational disruptions of the pandemic?

Manitoba is going to the polls on Oct 3 to elect a new provincial government.

As a paediatric health expert you are a respected voice in your community. By actively engaging in this election you can help influence the future of child and youth health and well-being in Manitoba.

Responses to the policy questionnaire have been received from the [NDP](#), the [Green Party](#) and the [Liberal Party](#).

All responses received will be posted on the [CPS website](#).
