NL VOTES

POLICY QUESTIONNAIRE

As an organization committed to advocating for the health, safety and well-being of children and youth, the CPS sent the following questions to each of the major political parties:

IF ELECTED, WHAT WILL YOUR PARTY DO TO:

- Improve timely access to publicly funded mental health services for children and youth?
- Better support and retain health care providers and improve access to timely, appropriate and affordable healthcare for children and youth?
- Reduce rates of childhood poverty and food insecurity?
- Reduce the impacts of climate change on the mental and physical health and well-being of children and youth?

Newfoundland and Labrador will go to the polls on Oct 14 to elect a new provincial government.

As a paediatric health expert, you are a respected voice in your community. By actively engaging in this election you can help influence the future of child and youth health and well-being in NL.

All responses to the policy questionnaire are posted on the [CPS website](#) as they are received.
