NS VOTES

POLICY QUESTIONNAIRE

As an organization committed to advocating for the health, safety and well-being of children and youth, the CPS sent the following questions to each of the major political parties:

IF ELECTED, WHAT WILL YOUR PARTY DO TO:

- Listen to and elevate the voices and interests of children and youth?
- Reduce rates of childhood poverty and food insecurity?
- Ensure all children and youth are protected from systemic racism and discrimination?
- Uphold and protect the unique and inalienable rights of children and youth and realize the articles of the UN *Convention on the Rights of the Child*?
- Improve data collection and availability for increased transparency and accountability about the health and well-being of children and youth?

Nova Scotia is going to the polls on Nov 26 to elect a new provincial government.

As a paediatric health expert, you are a respected voice in your community. By actively engaging in this election you can help influence the future of child and youth health and well-being in Nova Scotia.

Responses to the policy questionnaire have been received from the [PC Party](#), [Liberal Party](#) and [NDP](#).

All responses are posted on the [CPS website](#) as they are received.
