SK VOTES

POLICY QUESTIONNAIRE

As an organization committed to advocating for the health, safety and well-being of children and youth, the CPS sent the following questions to each of the major political parties:

IF ELECTED, WHAT WILL YOUR PARTY DO TO:

- Improve timely access to publicly funded mental health services for children and youth?
- Increase access to school-based developmental and educational supports (e.g. educational assistants, psychologists, speech-language pathologists)?
- Reduce rates of childhood poverty and food insecurity?
- Uphold and protect the health and rights of transgender and gender-diverse children and youth?

Saskatchewan is going to the polls on Oct 28 to elect a new provincial government.

As a paediatric health expert, you are a respected voice in your community. By actively engaging in this election you can help influence the future of child and youth health and well-being in Saskatchewan.

Responses to the policy questionnaire have been received from the [Saskatchewan Party](#).

All responses will be posted on the [CPS website](#) as they are received.
