

**Clinical Academic Faculty Position
Department of Paediatrics, Division of Paediatric Hospital Medicine
Schulich School of Medicine & Dentistry, Western University**

The [Department of Paediatrics](#), Children's Hospital, London Health Sciences Centre and Western University, London, Ontario, Canada, is seeking a fully certified Paediatrician for our **Paediatric Hospital Medicine (PHM) Division**. The Division is composed of the Clinical Teaching Unit (CTU), which provides a comprehensive in-patient service to a population of about 1.5 million in southwestern Ontario, as well as an expanding range of ambulatory clinics. As the hub of a rapidly expanding tertiary children's hospital, the CTU provides acute care for children with a wide variety of paediatric conditions, including admissions locally from the Emergency Department, transfers from other hospitals within the region, as well as from the Paediatric and Neonatal Intensive Care Units. In addition, children with complex care needs are cared for by a dedicated team composed of select PHM paediatricians, nurse practitioners and other allied health staff. The Division works closely with our subspecialty colleagues in a collaborative manner, in both clinical and research endeavours. The Division is central to the undergraduate and postgraduate training program at Western University, with key leadership positions in education currently being held by Paediatric Hospital Medicine faculty.

The successful candidates will be clinical academic paediatricians and hold a full-time Limited Term Clinical Academic appointment at the rank of Assistant Professor or Associate Professor, or a Continuing Clinical Academic appointment at the rank of Associate Professor or Professor, depending upon qualifications and experience at the time of appointment.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, the "Western Experience" has combined academic excellence with life-long opportunities for intellectual, social and cultural growth in order to better serve our communities.

Western, like many postsecondary institutions in Canada, is moving beyond sole reliance upon Indigenous self-identification in its hiring processes. This is to safeguard against the use of incorrect, incomplete, or misleading information in circumstances in which a candidate has made a declaration of Indigenous citizenship or membership. Candidates who are invited for an interview or who are short-listed, and who have made a declaration of Indigenous citizenship or membership for material advantage at Western, including where required or preferred for the position, will be asked to have their declaration of Indigenous citizenship or membership affirmed through a relational accountability process, led by the Office of Indigenous Initiatives (OII), that is consistent with Indigenous ways of knowing, being, and doing. Please contact the OII directly for details on the affirmation processes: <https://indigenous.uwo.ca/>. The policy can be viewed at: [POLICY 1.58 - Affirming Declarations of Indigenous Citizenship or Membership at Western University](#).

Children's Hospital is the only tertiary care center between Toronto and Winnipeg, serving a population of approximately 500,000 children. Children's Hospital has 64 general paediatric beds, 12 Paediatric Critical Care beds, 46 neonatal beds and a very active emergency department. The Department of Paediatrics in London has over 100 faculty members, 40 trainees, and provides a full array of Paediatric sub-specialty services. The Children's Hospital has a Quality and Safety Committee and has formed partnerships within various international quality improvement initiatives. The department has 5 basic scientists as core members and numerous opportunities exist for clinical, epidemiological, translational, and basic science research.

London has a metropolitan census of 530,000 people with the amenities of a big city but friendliness of a small town. London is located in the heart of the Great Lakes region, 2 hours from both Toronto and Detroit. Western University is a research-intensive institution with a wide range of academic and professional programs (see <http://www.uwo.ca> and www.ledc.com/why-london to learn more). Western's Recruitment and Retention Office is available to assist in the transition of successful applicants and their families.

Candidates for this position must have an MD or equivalent degree and must be eligible for licensing in the Province of Ontario. Subspecialty certification in Paediatrics from the Royal College of Physicians and Surgeons of Canada or

equivalent is required. The successful candidates will have experience in the care of acutely ill children and will be expected to contribute to the CTU and complex care on call services, as well as ambulatory clinics. The successful candidates will have a keen interest in paediatric hospital medicine, the ability to collaborate effectively with all other members of the health care team and office staff, and will be expected to participate in team-based health care and teaching, both at the undergraduate and postgraduate levels. The candidates will have demonstrated a commitment to contributing to academic deliverables, including continuing medical education and research. Preference will be given to candidates with additional training and/or qualifications in the areas of complex care, patient safety and/or medical education.

Compensation for this position will be commensurate with qualifications and experience and will be primarily composed of an alternative funding plan and academic salary.

Interested candidates should submit a letter of interest, including curriculum vitae and names and contact information of three references to:

Craig Campbell, MD, FRCPC
Chair/Chief, Department of Paediatrics
800 Commissioners Road East,
London, Ontario, Canada N6A 5W9
Email: craig.campbell@lhsc.on.ca

Applications will be accepted until the position is filled. Review of applications will begin after **January 1, 2026**.

Please ensure that the form http://uwo.ca/facultyrelations/physicians/Application_FullTime_Clinical.pdf is included in your application. The anticipated start date for this position is June 1, 2026, although an alternate start date may be negotiated.

Successful candidates will be required to comply with the policies and protocols of the applicable affiliated institutions.

Business Addresses:

Western University, 1151 Richmond Street N., London, Ontario N6A 5B8, www.uwo.ca
London Health Sciences Centre, 800 Commissioners Road East, London Ontario, N6A 5W9, www.lhsc.on.ca
St. Joseph's Health Care London, 268 Grosvenor Street, London, Ontario, N6A 4V2, www.sjhc.london.on.ca

Positions are subject to budget approval. Applicants should have fluent written and oral communication skills in English. The University invites applications from all qualified individuals. Western is committed to employment equity and diversity in the workplace and welcomes applications from women, members of racialized groups, Indigenous peoples, persons with disabilities, persons of any sexual orientation, and persons of any gender identity or gender expression.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Accommodations are available for applicants with disabilities throughout the recruitment process. If you require accommodations for interviews or other meetings, please contact Jody Andody at jandody@uwo.ca or 519-685- 8129.
