

ACADEMIC PEDIATRICIAN
DIVISION OF PEDIATRIC MEDICINE
CHEO/University of Ottawa

The Department of Pediatrics at CHEO, University of Ottawa is recruiting full time Academic Pediatrician within the Division of Pediatric Medicine.

The ideal candidate will be Royal College certified or equivalent in Pediatrics. Candidates must have an MD and be eligible for licensing in the Province of Ontario. All qualified candidates are invited to apply; however, preference will be given to Canadian citizens and permanent residents. The successful candidate will be eligible for a faculty appointment in the Faculty of Medicine of the University of Ottawa at an academic rank commensurate with experience. While English is the language of the health record, functionality in French is an asset.

The Department of Pediatrics is affiliated with CHEO, the CHEO Research Institute and the University of Ottawa. Together, we provide outstanding patient care, leading research, and quality pediatric medical education. The Department of Pediatrics provides health care to newborns, children and youth of the Ottawa area, as well as those from Eastern Ontario, Western Quebec, Nunavut and parts of Northern Ontario (population of approximately 1.8 million). The Department of Pediatrics has 18 distinct divisions, which includes Pediatric Medicine.

The Division of Pediatric Medicine is recruiting an Academic Pediatrician to join their expanding division. The division is comprised of 18 dynamic, diverse and highly engaged faculty members. Many hold academic leadership positions in the areas of Undergraduate and Postgraduate Medical Education, CME, Indigenous Health, Quality Improvement, Patient Safety, and Informatics. The division is known for its collegiality, supportive environment and collaboration.

CHEO's inpatient medical units admit a large breadth and volume of pediatric patients throughout the year. Encountered conditions are widely varied, including children with medical complexity, as well as those with common pediatric illnesses. There are approximately 3000 admissions and 16,000 patient days annually on the CTU, representing approximately 40% of the total inpatient hospital activity. CHEO has representation in all pediatric subspecialties.

The cornerstone of clinical care for divisional members is provision of high-quality patient centered care on the inpatient clinical teaching units (CTU), the Complex Care Program (inpatient and ambulatory services), and tertiary level outpatient consulting pediatrics. Divisional staff also support an Academic Pediatric Medicine Fellowship Program.

Candidates who are interested in pursuing an academic career in Pediatric Medicine should consider applying. Expertise or acquired certification in Quality Improvement, Patient Safety, and or Academic Pediatric Research through acquisition of a Masters in Clinical Epidemiology would be an asset. Those who have completed a Pediatric Medicine Fellowship (Academic and/or Clinical) and are interested in pursuing an academic focus in these areas should also consider applying.

Ottawa is Canada's capital city, which blends the cultural diversity and vibrancy of a capital city with the warmth and atmosphere of a smaller community. Ottawa possesses numerous national museums, renowned cultural institutions, festivals, passionate sports entertainment, and an excellent restaurant scene. Extensive natural areas, including the Ottawa River Parkway and Gatineau Park, support an active and healthy lifestyle.

The University of Ottawa is Canada's largest bilingual institution of higher learning and research. The Faculty of Medicine offers a wide range of competitive educational and research programs in a dynamic learning environment with state-of-the-art facilities. The Faculty is recognized as a national leader in medical education and ranks among the top faculties of medicine worldwide for research intensity and impact.

CHEO strives to create the best life possible for our staff, medical staff and learners. We are committed to advancing equity, diversity, inclusion and indigeneity within our organization and the broader community. CHEO is a global leader in pediatric health care and research and the CHEO Research Institute is the fastest growing RI in Canada. And we are expanding our pediatric health and research centre with a brand-new state-of-the-art integrated children's treatment centre, slated for fall of 2026.

With sustainability as a driving force, CHEO is an organization that is Growing 4 Good. We use the most current technologies and innovative practices. CHEO was recently recognized as a Stage 7 healthcare organization utilizing full Electronic Health Record functionality to enable high quality care, functionality, and integration with outside organizations.

Qualified candidates are invited to submit an application using the following URL: <https://cheo.bamboohr.com/careers/50>

CHEO and the Department of Pediatrics are equal opportunity employers. We strongly encourage applications from individuals, including Indigenous peoples, those who identify as LGBTQ2S+, persons with disabilities and members of visible minorities. If you require an accommodation during any phase of the recruitment process, please contact the Department of Pediatric Associates at DPAHR@cheo.on.ca. All information received in relation to accommodation will be kept confidential and will be handled in compliance with the Accessibility for Ontarians with Disabilities Act.
