

Company Description

One of Canada's Best Diversity Employers and Greater Toronto's Top Employers for many consecutive years, William Osler Health System (Osler) provides a safe and supportive health care network to grow your career. Osler is nationally recognized for its commitment to patient safety and is Accredited with Exemplary Standing, the highest rating a Canadian hospital can receive. As a major Ontario hospital system, and home to some of the biggest specialty and emergency departments in the country, Osler serves the 1.3 million residents of Brampton, Etobicoke and surrounding communities. We are proud to offer you incredible exposure to best-in-class health care delivery and challenging hands-on opportunities to stay at the top of your game.

A hospital system built for and by the community, we continue to advance our role in cultivating the next generation of health care professionals in partnership with Toronto Metropolitan University's School of Medicine and promoting medical innovations and breakthroughs through the Osler Research Institute for Health Innovation.

Guided by our accomplished senior leadership team, together we are driving our vision of world-class health care inspired by our people and communities. At Osler, we invest in careers that go beyond where health care professionals like you can achieve their goals and find deep personal and professional fulfillment. Join our team today!

Job Description

The Department of Paediatrics is seeking a Full Time Associate.

The successful candidate will participate in the General Paediatrics Call Schedule at Brampton Civic Hospital and Etobicoke General Hospital, participate in the Patient Care Team service at both inpatient sites and work in the Urgent Paediatric Assessment Clinic. There are additional opportunities to participate in ambulatory clinics. Remuneration is fee-for-service as set by the OHIP Schedule of Benefits and Fees. An interest in providing paediatric office-based care in the community would be an asset.

Qualifications

The candidates must have a Certificate of Registration to practice from the College of Physicians & Surgeons of Ontario and have certification in General Paediatrics from the Royal College of Physicians & Surgeons of Canada or hold Fellowship in Neonatology from the Royal College of Physicians & Surgeons of Canada. The position requires excellent communication skills in English. Additional languages are considered an asset as we serve a highly diverse population. Successful applicants are expected to have an academic appointment at Toronto Metropolitan School of Medicine.
